Dedication

We proudly dedicate this yearbook to

What is your favorite part of working at Norwood High School?

My favorite part about working at Norwood High is that in any given day, there's always something different going on. I enjoy working with the teachers and students and I try to help out everybody as best as I can.

Thank you so much to our senior custodian, Charles Griffiths (or Charlie, to his friends). With the constant hard work of Mr. Griffiths and his team, we continue to have a school we are proud of; the "new school on the hill" has not aged a day since its opening 8 years ago.

We are proud to offer this dedication as a small token of gratitude for your dedication, leadership, kindness, and hard work.

Thank you!

How long have you been working at Norwood High?

I started working at Norwood High in 1991, and I have been employed here for 28 years.

What is your most positive experience at Norwood High?

My most positive experience while working at Norwood High, was when I was promoted to senior custodian in 2009.

If you could tell the world one thing what would it be?

A little common sense goes a long way!

Do you have any interesting hobbies?

I enjoy collecting old black & white photographs of movie stars, dating back from the 1930's through the 1970's. I also love watching hockey, football, baseball, etc...

GET TO
KNOW MR.
GRIFFITHS!

Charles Griffiths

Academics

A solid yellow horizontal bar is positioned below the word "Academics", starting from the left edge of the letter 'A' and extending to the right edge of the frame.

When I first stepped foot inside the doors of NHS as principal, I felt an overwhelming sense of pride, inclusion, and kindness. Because of you, that spirit of pride, inclusion, and kindness has continued to grow and spread at NHS this school year. While you have many amazing qualities, I want to take a moment to recognize one that sets you apart.

You probably have never thought about this, but you are the reason that we as educators exist in this role. We would not be here if you were not here. You may think about your daily role as a student and how you “learn from” your teachers. But, Class of 2019, you are special because you have managed to flip the script. What you may not realize is how much we as educators learn from you. In a short time at NHS, I have come to realize that this is a special place because each day, we as educators, and you as students, are learning together. Each day, you show up – regardless of whatever obstacles stand in your way on your journey – and you engage in the learning process and capitalize on your experience. You collaborate with your peers and your teachers, you take on leadership roles, you solve real problems, and you model responsibility and respect for those around you. Every time you ask a question, every time you engage in a productive struggle for learning, and every interaction you take part in allows us to learn from you. You are already master teachers having a profound effect on everyone around you.

In my first year as NHS principal, I want you to know how much your dedication, respect, and work ethic stand out to me. I have learned so much from you already. I know that you will continue to “teach” others throughout your life.

With Admiration and Respect,
Hugh T. Galligan

CLASS OF

2019

Seniors

This is a very special time in your lives and I am very proud to be sharing it with you. This is a time to remember where you came from, the many paths you took to arrive here and those who helped you along the way. It's also a time to dream of where you will go in the future and the challenging journey that lies ahead. As you pursue your future endeavors, do not let any obstacle on your path prevent you from reaching your goals. Dream big, work hard, be kind and surround yourselves with good, positive people. I wish you the best!

The boys hockey team exceeded everyone's expectations this year. After starting off 0-3-1 in the first four games and most of the state dismissed them as a legitimate competitor. Then the Mustangs pulled out back-to-back wins against Holliston and Bellingham. The boys never looked back as they went unbeaten for the rest of the regular season. Having notable wins whilst

blanking Norton, Brockton, DS/Weston, and Dedham to name a few shutouts. Austin Reardon was named TVL Large Goalie of the Year as he led the Mustangs into the tournament with a .929 save percentage. In the playoffs the Mustangs defeated the Scituate Sailors in overtime and North Attleborough in a close contest as well. The Mustangs closed off the 2019 season with a large margin loss to number 1 seeded Canton

Girls' hockey had a down to the wire season. They won some and lost some as they battled for a playoff spot. The Lady Mustangs were forced to win 2 of their last 3 games in order to accomplish a tournament berth. On the 17th game they were upset in Martha's Vineyard and challenged with beating a powerhouse Franklin

team. Franklin had one loss prior to that game. But, leaving the rink that day, they took their second loss. The Mustangs only needed to defeat the St. Josephs Prep Phoenix to clinch a tournament berth and they did just that. The girls hockey team never gave up.

Kelly Daher

Hometown: Kesserwen, Lebanon

Moved To the US: Born in US, Moved to Lebanon in 2005, then came back to the US in 2012.

Moved to Norwood: 2012

What are the biggest differences between your home country and Norwood?

The language, the houses, and the alphabet.

What do you miss most about your hometown?

My sister, relatives and friends, the beautiful mountains, and how you can explore the whole country in 1 day.

What advice do you have for students new to the U.S. and to Norwood?

It is hard to make new friends, so be friendly with everyone. Also, everything will be easier over time. They might feel lonely in the beginning, but it won't last.

Alex Yuen

Hometown: Hong Kong, China

Moved To the US: 2007

Moved to Norwood: 2007

What are the biggest differences between your home country and Norwood?

The food and adjusting to a suburban area as opposed to an urban area.

What do you miss most about your hometown?

The food and my family.

What advice do you have for students new to the U.S. and to Norwood?

Embrace your heritage.

Nancy Blankson

Hometown: Accra, Ghana

Moved To the US: 2012

Moved to Norwood: 2014

What are the biggest differences between your home country and Norwood?

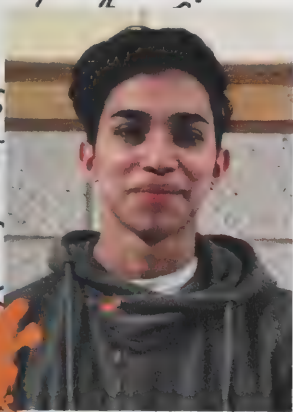

The fact that in my country we are like a big family. We are all surrounded by people and there is more freedom to do what you like. However, in Norwood it seems like everyone minds their own business unless they know you. There is a saying in Ghana that says "It takes a village to raise a child" which I believe describes Ghana because everyone is involved with helping each other.

What do you miss most about your hometown?

The food, the weather, hanging out with friends, living a "simple" life as well as the length of the days.

What advice do you have for students new to the U.S. and to Norwood?

have patience but also not be afraid to be themselves. Don't worry about having friends and fitting in because they will eventually fit in therefore they might as well live and learn this as a new experience.

Victor Chavez

Hometown: San Salvador, El Salvador

Moved To the US: September 2015

Moved to Norwood: 2016

What are the biggest differences between your home country and Norwood?

Probably the language, but I actually don't know, there are so many things that are different from my country, like the weather, here it's cold, opposite to my country, which is hot most of the time.

What do you miss most about your hometown?

The weather, sometimes I think about moving west to places like Cali, Texas, or Nevada. I like the cold weather here, but is not my thing.

What advice do you have for students new to the U.S. and to Norwood?

Newcomers should just be cool and enjoy their time here, there is so many nice people here that they should just try to feel like in home, get involve in sports and activities.

Ledía Shuhaipi

Hometown: Berat, Albania

Moved To the US: September 2017

Moved to Norwood: September 2017

What are the biggest differences between your home country and Norwood?

The school system, the culture, and the food.

What do you miss most about your hometown?

My friends and grandparents.

What advice do you have for students new to the U.S. and to Norwood?

Be who you are and work hard for what you want because is worth it.

Norwood is a town full of different cultures. Let's take a look at Norwood High seniors from around the world!

THE MASKED MUSTANG

THE CASE: For the past four years, concerned students such as myself have been collecting evidence about the true people behind the infamous NHS mascot, the Mustang. These people have eluded us for too long, and we have finally narrowed the suspect list down to only three seniors. We have interviewed countless witnesses and connected all the dots. The following evidence is confidential, and, under no circumstances, should it be leaked to the press or the public, as it could jeopardize the investigation...

Thank you.

CONFIDENTIAL

AIDAN MULLIGAN

- Has a lot of spirit
- Has memorized the entire school song
- Loves horses, especially mustangs

KIARA GUGLIETTI

- Has never been in the same room as the Mustang
- Rumor has it that she was caught putting the costume on before a rally

AIDAN REARDON

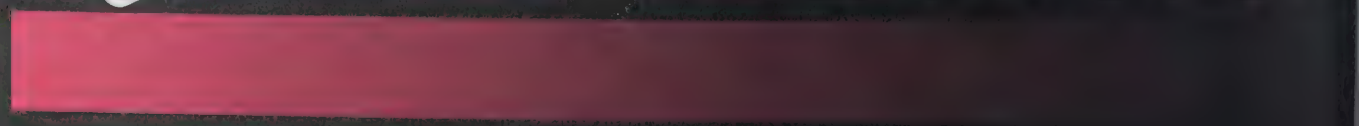

- Very athletic
- Exactly as tall as the Mustang
- Constantly says that the mascot is a cool guy

Congrats

Production and Printing Details

The 81st edition of the TIOT was printed by Lifetouch in Loves Park, Illinois. The theme of the yearbook - "Paint your future" - is inspired by the boundless and undefined futures that the students, staff, and community members of Norwood High School have ahead of them, especially the class of 2019.

PHOTOGRAPHY

Senior portraits were taken by many local photographers, including but not limited to: Dan Busler Photography, Kate Kelley Photography, Donna Doliner, Judy Fiola, Prestige Portraits, and many other talented photographers. Underclass portraits were taken by Lifetouch Photography.

COVER AND ENDSHEETS

The cover is printed with Lithographic ink; the cover is protected with a matte lamination, with a clear silkscreen on the cover graphics. The cover design was created by Joe Spadorcia. The front endsheet art was created by Fiona Campbell, and the back endsheet text was created by Zena Watfa.

PROFESSIONAL STAFF

Our Lifetouch sales representative was Debbie Cohen. Yearbook creative and content adviser was Ms. Molly Uppenkamp. Yearbook financial adviser was Ms. Jennifer Rodger. Additional photography support was provided by Lifetouch staff, Dan Busler Photography, and Performance Action Photography. Additional yearbook consultation and support was provided by Dr. Hugh Galligan and Ms. Cindy Derrane.

DESIGN AND PRODUCTION

The book is 208 full color pages in 8.5x11 format. The spring supplement is 30 full color pages. All pages were created by TIOT staff and submitted over 5 deadlines. Core colors were custom Orange, Yellow, Green, Blue, Purple, and Pink. Font families used included Seagull BT, Myriad Pro, and a custom font created by Zena Watfa, with tech support from Joe Spadorcia. The cost of the book ranged from \$75 to \$90, with lower prices available to early purchasers.

WHY TIOT?

TIOT (pronounced tie-ott) originates from the language of the native Neponsets, a branch of the Algonquin tribe. Translated to "enclosure of waters", the term refers to the fact that Norwood is surrounded by water on three sides.

The first few settlers of the Norwood area situated themselves for the most part on the fertile land beside the Neponset River and along the Traphole and Hawes Brooks. The settlers gradually transformed the wilderness into a small, self-contained village that came to be known as TIOT.

Around the 17th century, TIOT became a nickname for the area that is now known as South Norwood. In 1639, TIOT was a part of Dedham, along with 14 other communities in Southeastern Massachusetts. The town of Norwood was officially formed in 1872.

Today, TIOT remains a visible symbol of town pride, and it has been the name of the high school yearbook since 1939.
